SHINER, TEXAS

A Brief History

The first settlers in the area were German and Czech farmers who arrived in 1884 at a small under the law. It was called Half Moon after its earlier name as an Indian camp site. On December 21, 1885, a United States Post Office was established—Half Moon, Texas, and the settlers were going about their various businesses with every intent of remaining at Half Moon for many years. Within a brief two years the history of another large, longer-lasting town.

Henry B. Shiner

Henry B. Shiner was born in Victoria, Texas in 1848. His family moved to San Antonio in 1861 and he was educated in San Antonio and New Orleans during the Civil War years. In 1867 he returned to Texas and married Miss Lora West. A year later he purchased 1,000 acres on Rocky Creek for his bride. He drove cattle from Texas to Kansas. With the profits realized for the sale of his cattle, he bought 8,000 acres of land. He quickly noticed the possibilities of the area and realized that the ambitious Germans and Czechs in Laraca County were some of the best farmers in the state. When the SAAP Railroad began laying track from Volcan to Waco in 1887, Mr. Shiner donated 200 acres of his choice land in between Rocky and Boggy Creeks for railroad right of way. This would be an excellent site to build cattle and grounds for a depot. The first train came through in August 1887.

The settlement of Half Moon was 1/2 mile away from the railroad. Therefore, the settlers decided to move the new town site to take advantage of the railroad. The post office and other buildings were moved from Half Moon to the new town site on the railroad. It followed naturally that the new town should be named for its benefactor, so it officially became "Shiner, Texas" on March 1, 1888.

Whether you are looking for a new business location, a great atmosphere for raising a family, a place to retire or just an afternoon visit, we hope you will be favorably impressed with our community.

WELCOME TO SHINER

CLEANEST LITTLE CITY IN TEXAS

SHINER CHAMBER OF COMMERCE

VISITOR'S GUIDE

SHINER...POINTS OF INTEREST

SHINER CITY HALL

Built in 1927, City Hall originally included downstairs office space for the city secretary and tax office, public library, and housing for three fire trucks upstairs, an auditorium with 434 seats, dressing rooms and a stage. After the opening of City Hall, plays, political rallies, and graduation services were held there for many years. The Fire Station has since been relocated, and today Shiner's City Hall houses the Police Station, Chamber of Commerce and City offices, and the auditorium is used as the firemen's recreation hall.

WOLTERS MEMORIAL MUSEUM

The Edwin Wolters Memorial Museum is an outstanding legacy of Shiner's history. It graciously displays an antique gun collection, old-time country stores, dissection boxes, embossing and hand stichery collection, a delightful doll display, musical instruments, an implement shed, and many antiques. For information on visitor's hours, call 361-594-3774.

SAINTS CYRIL AND METHODIUS CHURCH

Blessed under the names of Saints Cyril and Methodius, two missionaries who first brought Christianity to Bohemia and Moravia, the church is today an awe-inspiring sight. Dedicated in 1921, the red brick Romanesque Revival style architecture features a majestic altar, painted murals, beautiful statues, and stained glass windows imported from Bavaria.

GREEN-DICKSON MUNICIPAL PARK

Green-Dickson Municipal Park is a 148-acre facility located at the northwest edge of town. The park features children's playgrounds, covered picnic areas with barbecue pits, lighted tennis and volleyball courts, fishing, a first class baseball and softball complex and an enclosed pavilion with an air-conditioned dining and kitchen facility.

WELHAUSEN MUNICIPAL PARK

One square block in downtown Shiner. Features historic gazebo, children's playground and various monuments depicting Shiner's history. Picturesque setting is reminiscent of yesteryear America. Magnificent lighting display beginning December 1.

EDB MUSEUM

First opened in 1895, the Louis Eklers Cigar Factory, Edb, produced three favorites, the "Bucky Brown," "Katy Lee," and "Good Company." One of Shiner's first prominent businessmen, William Green Jr., was born in the rustic cabin, right. Built in 1853, it later housed a post office and general store; period furnishings and artifacts are now displayed.

and has since been growing at an ever-increasing rate. Still under the same family ownership, Kaspar Wire Works is the largest producer and remanufacturer of newspaper racks in the world. Employing 900 people, they also make a wide range of specialty wire products. Tours are available by appointment only.

THE SPOETZL BREWERY

The Spoetzl Brewery, founded in 1909, is Texas' oldest independent brewery. They still practice the art of brewing, hand-crafting each brew one at a time, and then aging each Shiner beer naturally for no less than thirty days. In the tradition of Bavarian beermeister Konrad Spoetzl, Shiner's little brewery proudly produces Shiner Back, Shiner Blonde, and specialty brews. For information on brewery tours, The Hospitality Room, and Gift Shop/Museum call 1-800-SSHINER or 361-594-3383.

THE GASLIGHT THEATER

Shiner's first Opera House lives again. Originally the setting for plays, balls, political debates, church socials, town meetings and "social hops," the Opera House claimed a center of Shiner's social life from 1895 until 1927. Inactive for many years, The Gaslight Theater was born again in 1975 thanks to a local man and her dream. Today, the ornate program such and vaudeville-style stage are all original from the building. 1995 construction and the theater is known for its outstanding amateur productions held three times a year.

KASPAR WIRE WORKS INC.

When barbed wire was invented in the late 1800s, farmers tore down their smooth wire fencing and replaced it with the more effective barbed wire. Using that smooth wire, August Kaspar constructed a wire basket to carry corn shocks. With that first basket Kaspar Wire Works began.
